Fall Allergies & Respiratory Care at PMR

Kootenai Member Health & Wellness Clinic

Powered By PMR HEALTHCARE SINCE 2005

01

Fall Allergies & Common Symptoms

Ragweed, mold, and dust can trigger sneezing, itchy eyes, congestion, and coughing. Knowing your triggers can help you manage symptoms and feel better. *Contact your PMR clinic to discuss treatment options and find relief*

02

Protect Your Respiratory Health

Wash your hands, stay hydrated, avoid allergy triggers, and take medications as directed. If you have asthma, follow your treatment plan to help prevent flare-ups.

03

Allergies Cold or Flu?

Sneezing, itchy eyes, and a runny nose are common allergy symptoms, while colds and the flu may cause sore throat, body aches, or fever. Knowing the difference can help you find the right treatment and feel better sooner. *Contact your PMR clinic for help.*

Fall Allergies & Respiratory Health

As the weather changes, **allergies and respiratory symptoms** can become a bother. Sneezing, a runny nose, itchy eyes, congestion, and coughing are common this time of year. Allergies can sometimes feel like a cold, but symptoms such as fever, body aches, and chills may point to an illness instead.

At PMR, we can help you find the right treatment to manage your symptoms and breathe easier. If your symptoms are not improving or are affecting your daily routine, schedule a visit with our team.

Did You Know?

Fall allergens like **ragweed, mold, and dust** can trigger allergy and asthma symptoms. If you're struggling to breathe, experiencing ongoing congestion, or not finding relief, **PMR is here to help!**

HAPPY THANKSGIVING FROM PMR HEALTHCARE!

She will be in office all day (7am-4pm) on 11/27

Call PMR today to schedule your appointment!

Call PMR today to schedule your vision screening!

A vision screening is a quick check that helps your medical team spot changes in your eyesight over time, even if you haven't noticed them yourself. Like other vital signs, vision checks can help identify potential concerns early.

At PMR, we focus on prevention and catching problems before they become bigger issues.

This quick screening is different from the more detailed vision exam you may receive during your annual physical.

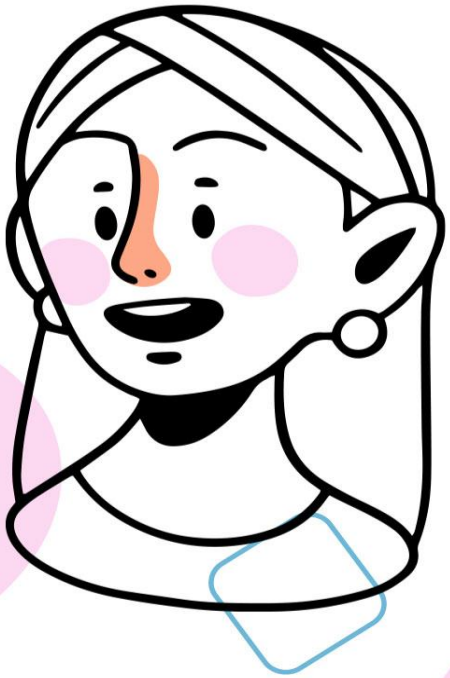

WALK IN VS SAME-DAY APPOINTMENTS

Urgent care centers and hospital ER's provide 'walk in' visits, where you end up sitting in the waiting room for hours hoping to be slipped onto the schedule.
PMR knows that the last thing a sick person wants to do is sit in a waiting room– that's why **we offer same day appointments instead of walk ins**! Please call to find out what time you should come to the clinic– in the meantime, we hope you can stay comfortable in bed.

hi!

WE WANT TO CONNECT WITH YOU

Feeling unwell? Ready for your annual physical? Need a medication refill or lab draw? **Your PMR Clinic is here to help!** Here's how you can contact us, and how you can expect us to respond!

CALL THE CLINIC

208-686-3371

If we miss you while helping another patient, please leave a voicemail! A PMR team member will call you back from the clinic before we close. Voicemails left after hours are answered the next business day.

GO ONLINE

WWW.PMRKOOTENAICOUNTY.COM

Enter your clinic's website using the access code KCmedical24! and login to your patient portal to send secure messages/requests to your care team! A PMR team member will respond to you by the next business day.

SEND AN EMAIL

PMRKOOTENAICOUNTY@PMRHEALTHCARE.COM

Emails sent to your clinic can be seen by your whole PMR medical team. One of them will respond to you by the next business day- if it is appointment or care related, the response will come through your patient portal for security.
